

Orange County Council of Teachers of Mathematics

2nd Annual Tri-County Mathematics and Technology Conference
Orange Osceola Seminole

September 19, 2008

Dear Exhibitor,

We are pleased to announce that Orange County Public Schools will host the Second Annual Tri-County Mathematics Technology Conference on Wednesday, November 5, 2008. We expect approximately 200 teachers will attend this event which showcases resources and materials from vendors. We are delighted to extend an opportunity to vendors and publishers to network with such a large number of teachers in one evening. Food and beverages will be served and donated items will be raffled. The conference will be held at Jones High School at 801 S. Rio Grande Ave. in Orlando, Florida.

The exhibit area will be available for set-up from 3:30pm to 4:00pm on Wednesday, November 5, 2008, and will be open for the teachers from 4:00 pm to 8:00 pm. The cost of a six-foot table is \$100. The monies generated will be used to fund this event and to support the three county Florida Council of Teachers of Mathematics' affiliate groups.

Exhibit space will be assigned as payment is received on a first come basis, as the amount of space is limited. To reserve space, complete the enclosed form and return it, with your check, by October 24, 2008 to Lisa Greco, Osceola County Public Schools, Secondary Education 817 Bill Beck Blvd, Kissimmee, FL 34744. If you wish to donate any raffle items or hospitality items, please make note of this on the form.

Thank you for your continued support of Mathematics Education in Orange, Osceola, and Seminole Counties.

Sincerely,

Lisa Greco
